We hope, as you leisurely turn
through these pages, that we
will reveal to you our beloved
school life--a life that has
had its sorrows as well as its

Dedication

TO G. P. SMITH:

Who, in the capacity of trustee, has unselfishly given his time and ability for the past several years who, by his interest in the welfare of the student body as a whole and his personal friendship for all, this annual is appreciatively dedicated by the Senior Class- of 1943 of Pine Tree High School

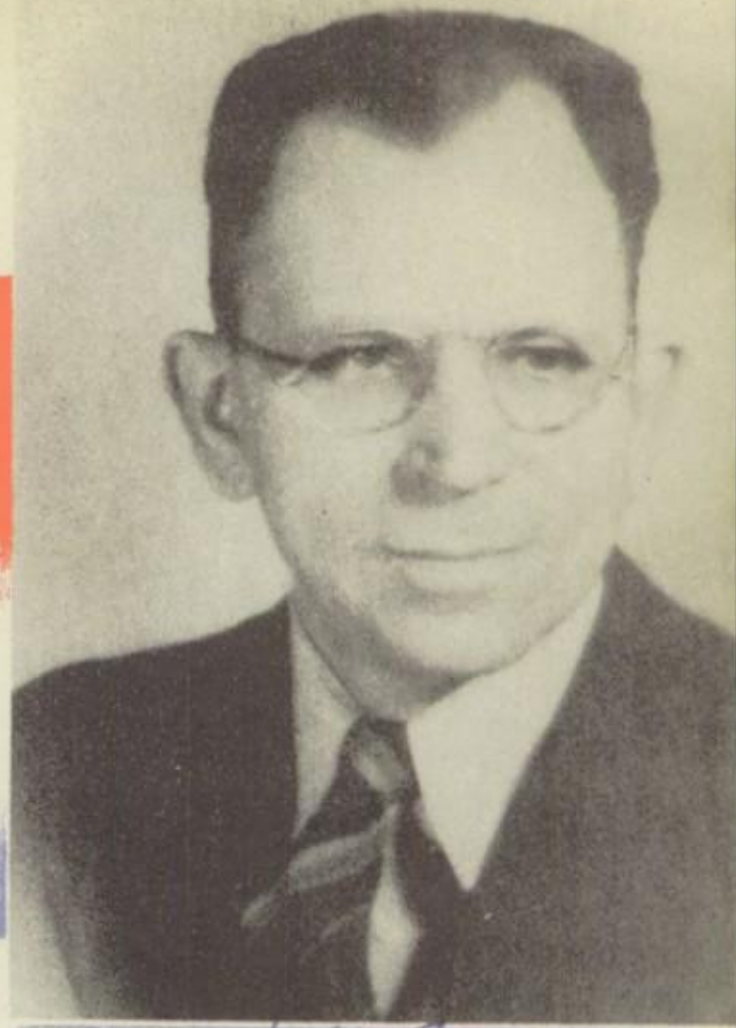

Dear Madelyn;

Although things doubtless have
not always gone as you wished
yet you have shown that you are
a good sportsman. I hope you the
best of luck in whatever you
undertake. Remember that hard
work, patience and sincerity of purpose
go a long way in spelling success.

A MESSAGE

from our
Superintendent

M. E. Irby

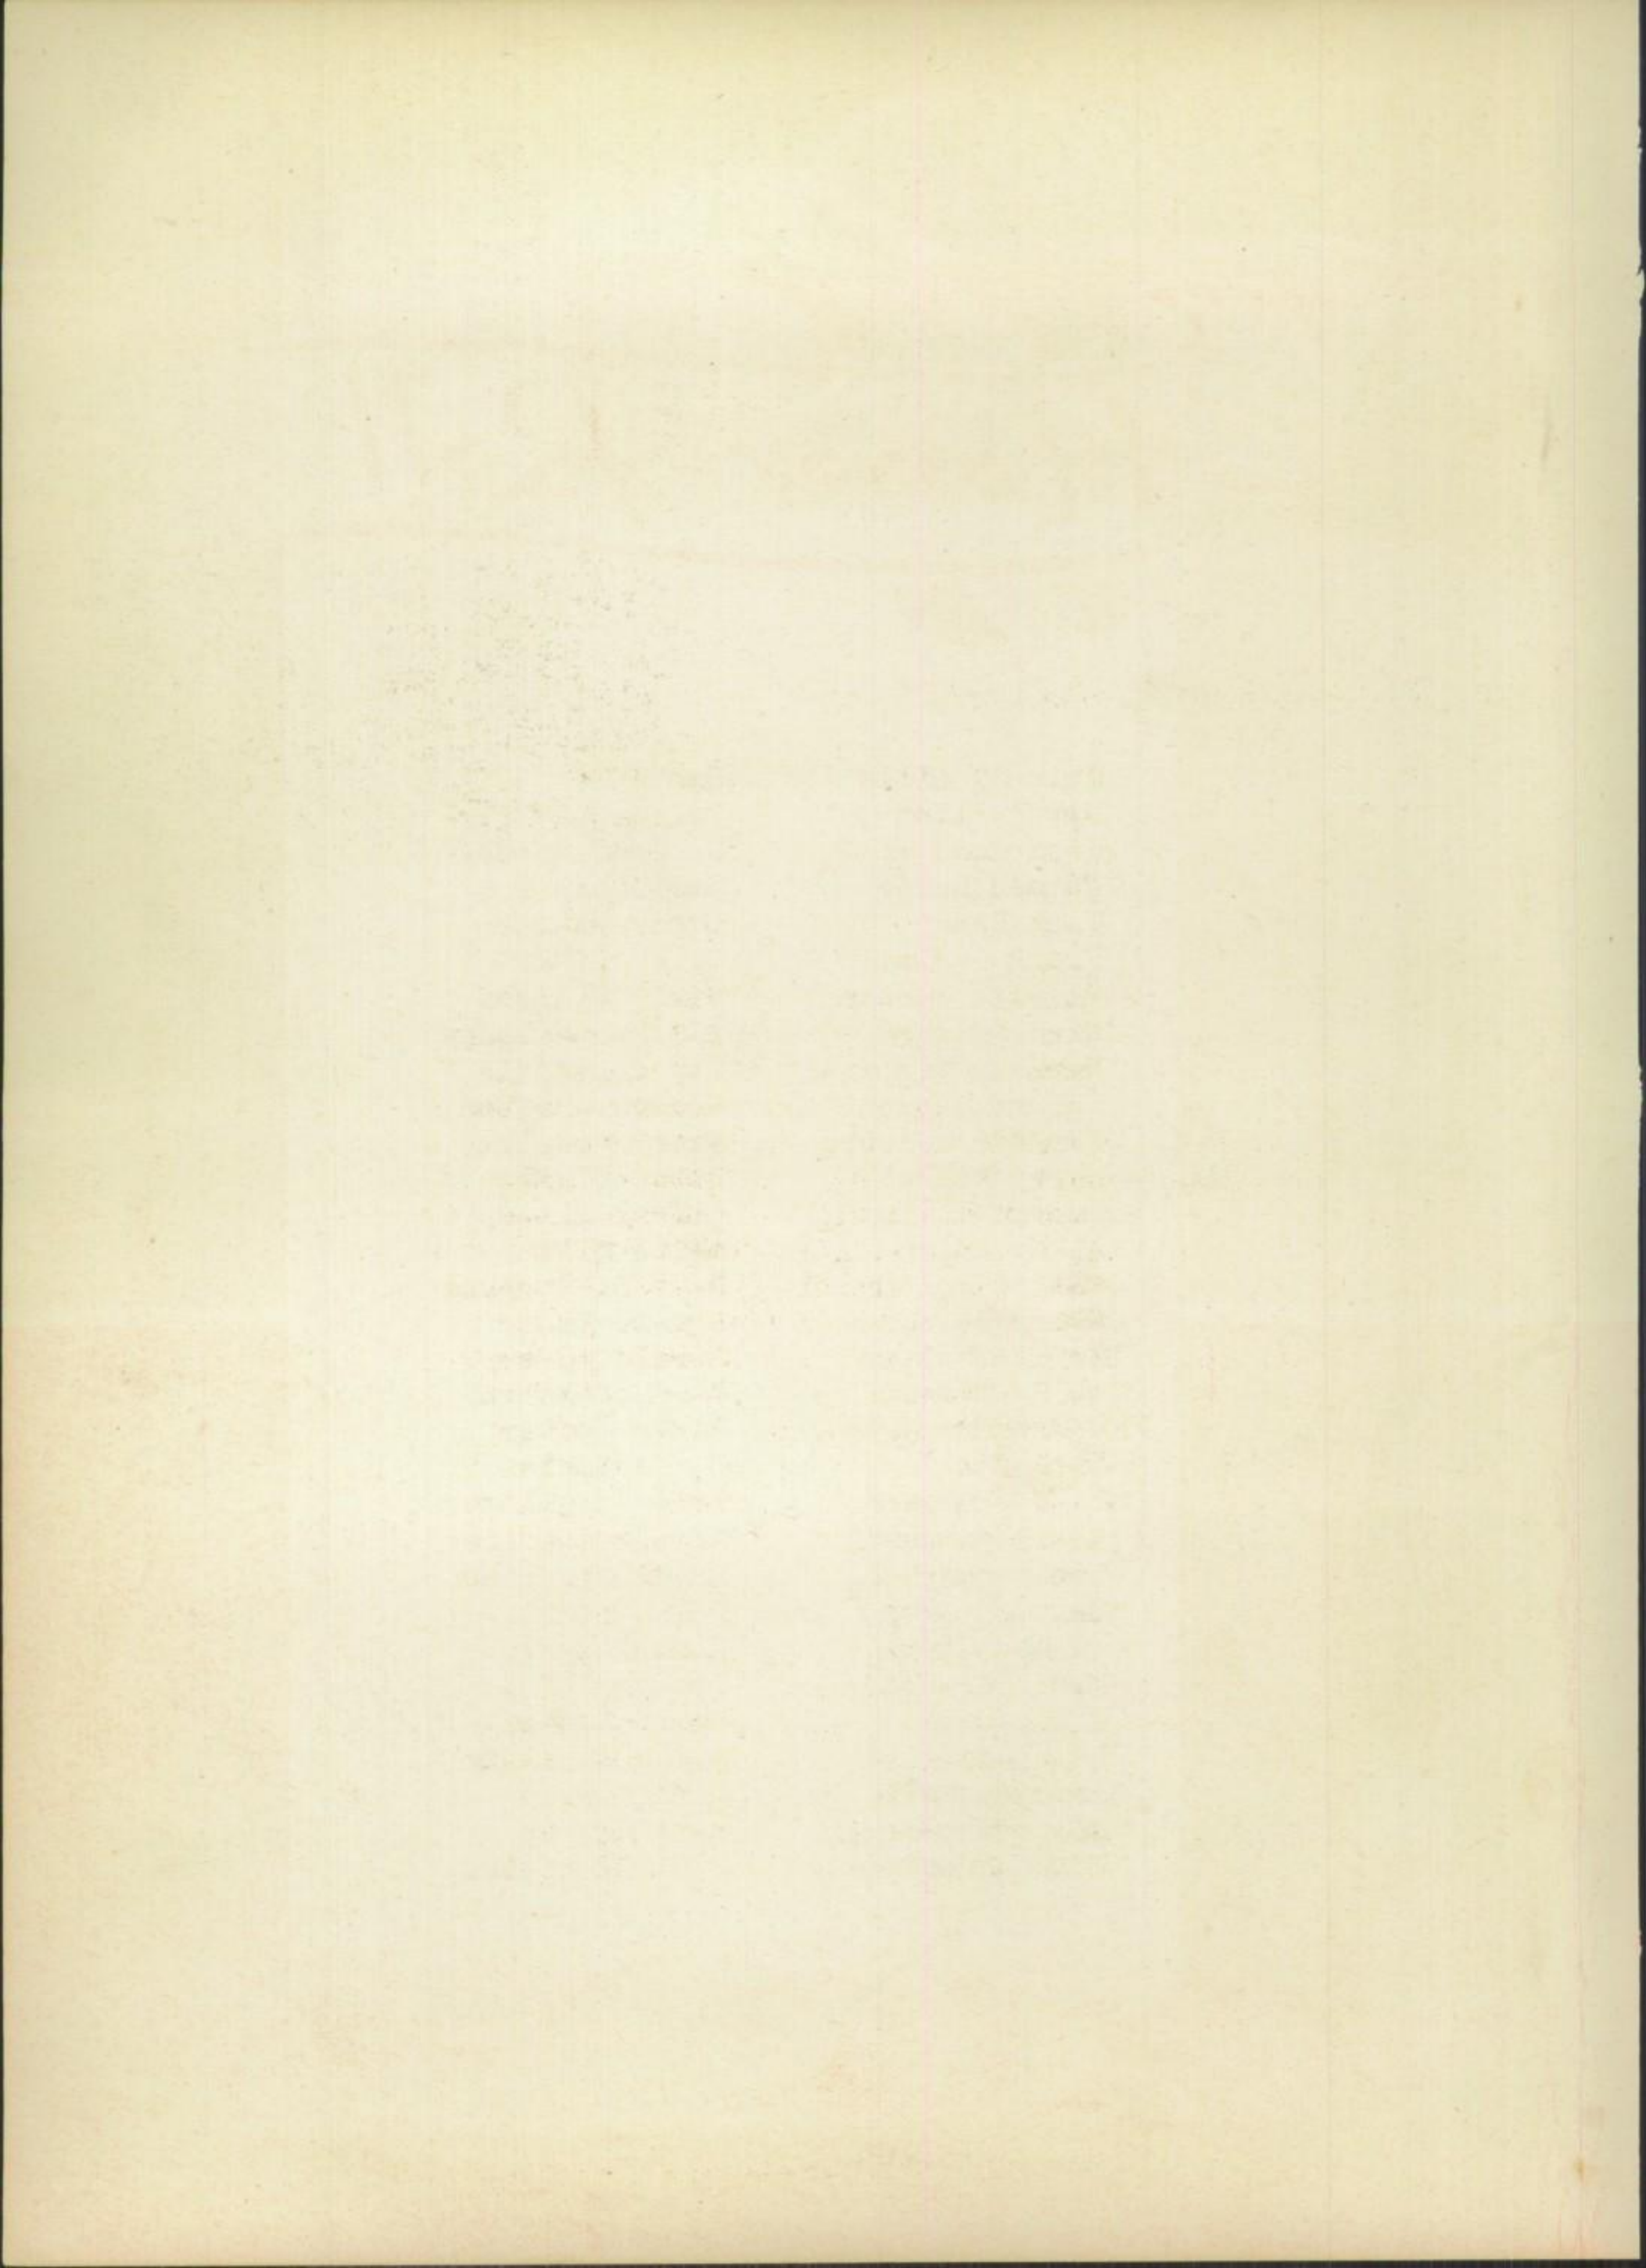

YOUTH TO MEET HEAVY DEMANDS

Four years ago youths who stepped from high school and college found the world in slow motion. On every hand capable men and women were waiting for jobs to open before them, waiting that proved long and discouraging. Today the situation is different. The motion is at high speed, and none but the incapacitated are left idle. With the nations of the world in a death grapple for existence-- America--for the first time in her history, is in grave danger of losing her freedom and power. The young people who graduate from schools this spring and those who withdraw from schools, will, within a few days thereafter, be in the busy whirl. Behind guns, behind desks, farming, or on the production lines of industry the boys and girls will all be busy.

Let those who go from the Pine Tree School remember that, although they are on the other side of the world, or in places far remote from the quiet countryside to which they are now accustomed, the teachers and administrators, the students, and the people among whom they have grown up will be watching them with warm interest, and will be applauding their every effort to serve and to save their Country in this time of supreme crisis.

Dearest "Mattie,"

You mean more to me than just a schoolmate. I have always liked you very much and this year I became to love you very much. During our acquaintance I have found you very sweet, lovable and understanding. In fact you must have been a little too understanding because it seemed I always ran to you with all my little troubles. You were so easy to talk to, and most of the times could help me out.

We must admit we have had our share of good times this year — even though our gang was broken up by Duke Sam. But we shouldn't mind we all must sacrifice something and really there is very little we have really sacrificed. Let's never forget the gay times we all had at Palm Beach and out at the house. And the gay times we have had just being together.

To one of the sweetest girls in the whole world I want to wish all the success and happiness life can offer. I love you always.

Madlyn, our school days at dear old D. I are coming to an end but our friendships

AS LONG AS THERE IS A RED, WHITE, AND BLUE

By Jimmie Clyde Haynes

Just a year and a day,
Uncle Sam will have his way,
To do as he pleases with me.

I know that he'll be kind and true,
For he is the symbol of the Red, White, and Blue.

Now the year is gone and past,
Uncle Sam has me at last
But some day I'll return to you,
As long as there is a Red, White, and Blue.

So look for me coming back,
Along the road or the railroad track.
You will know that it's all over.
And there is nothing left to do,
So say your prayers to God in Heaven,
And to the Red, White, and Blue.

What a rejoicing there will be,
Along the rivers and beneath the trees,
When comes the word that they will return to you,
And we will live under the flag of Red, White, and Blue.
